REFEREE

Journal of European Economic Association, Economic Journal, Journal of Applied Econometrics, Journal of Forecasting, International Journal of Central Banking, European Economic Review, Oxford Bulletin of Economics and Statistics, Journal of Money, Credit and Banking, Journal of Economic Dynamics and Control, B.E. of Journal of Macroeconomics, Economic Letters, JBCMA, ECB Working Paper Series.

RESEARCH GROUPS

- 2012-present Member of the Centre for International Macroeconomic Studies ([CIMS](#)) of the School of Economics, University of Surrey. The Center for International Macroeconomic Studies (CIMS) has, over the last five years, grown out of a very active macroeconomics group in the School of Economics at the University of Surrey bringing together academics and economists working in policy institutions. Its research focuses on closed and open-economy macro-modelling in both developed and emerging economies, using a Dynamic Stochastic General Equilibrium (DSGE) approach.

- 2009-present Member of the Euro Area Business Cycles Network ([EABCN](#)).
- 2011-2013 Member of the Working Group on Econometric Modelling (WGEM) organized by the European Central Bank joint with the National Central Banks bringing together academics and economists working in policy institutions. The mandate of the WGEM is to produce documents and analysis to support the decisions of the Monetary Policy Committee.
-

RESEARCH PROJECTS

- 2010-2012 Spanish Ministry of Science and Technology Grant ECO2009-08556. Project : Specification and Estimation of Models for Policy analysis and Forecasting. Main Investigator: Prof. Canova. Participants: Arturo Ormeno, Christian Matthes, Filippo Ferroni, Luca Gambetti
- 2015-2016 MACFINROBODS, <http://www.macfinrobods.eu/>, is the acronym of Integrated Macro-Financial modeling for robust policy design. In this project, 11 universities participate with the JRC. New software tool for evaluation of models in the Macroeconomic Model Database, adapting and extending global sensitivity analysis.
-
